

Lilly Dallas

March 1, 2021

Lilly was my saving grace, my whole heart & my baby girl. She followed me like a shadow; always there & always happy. She wanted nothing more from this world other than to love me (mommy) & serve me. She didn't care about anything else in her day other than to be my dancing little wiggle butt at the door when I got home. I have no children; she was my child.

“ *Lily was very special to our family. She was always there for Kelsey when she needed a friend. Lily will be greatly missed.* ❤️
