

Lizzy Sturgill

December 19, 2012 - October 2, 2019

My wish is that my sweet Lizzy is resting peacefully out of pain. She put up a good fight over the last few months with intestinal cancer and finally lymphoma. I hope she is playing and resting comfortably! We all miss you so much my precious wiggle butt.

“ *I'm sorry sorry for your loss. I really have seen how dogs become members of the family. Lizzy was a great comfort in my time here. She stayed outside my door waiting for me and was so caring. I'll miss her terribly. ❤️❤️🐕*
