

Lola Hazen

March 7, 2004 - August 12, 2018

~Lola was very sweet, mild mannered, and loving. She was very intelligent and could understand people and emotions.

She absolutely LOVED children. She would love up on them and gave them hugs(put her paws on their legs).

I could watch a baseball game and hold her on her back and softly pet her belly and neck and ears and she would just lay there loving it--for many innings.

Her love, sweetness, and tenderness will be missed.

I look forward to seeing her on the Rainbow Bridge!

She is playing with Charlie again! (Brother pup--lost last year).~
