

Lola Keith

March 4, 2023

My sweet baby Lola, you were such a beautiful soul. I still look for your sweet smiling face when I get home. I miss the smell of your ears and your kisses, snuggling with you and your presence in my life. You were my best friend and baby for 13 years and I wish I could have had you forever. I know we will be reunited one day, until that day I will keep your memory tucked safely in my heart. My angel flying too close to the ground.
