

Louie "Boo.boo" Shmoon Carrick

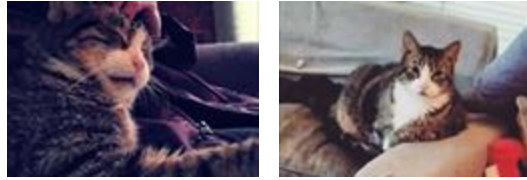

September 11, 2000 - May 14, 2022

Rescued from a fire in NYC, Louie was bound for an interesting life. He traveled the world: Milan, Germany, France, California & more! He talked more than most people, loved putting his head under running water & making his humans give him a hairdo, which he proudly showed off! He was a true gentleman. He never lost his temper & though he was sassy, he was ever loving. 22 years on this planet, he imprinted on everyone who met him. We are lost without you...Our Boo.boo
