Lucy "Ester" Fontanini

6/22/15-1/12/23

Lulu first entered my life at the Humane Society of Columbus back in 2015. I was looking for another type of pet at the time, but fell head-over-heels for this black and white Dutch bun. She loved me from the start, as evident by her nibbling me and everything else around her. Lulu loved going to Midwest Bun Fest here in town to get her treats, spa treatments and glamour shots. She is preceded by her mate, Mister Ralph, also from the Humane Society of Columbus, who was her same age and passed in April 2022. Lulu passed from GI stasis issues, kidney stones, and possible uterine cancer at Medvet Hilliard. Lulu will be deeply missed with a lot of tears. I love you Tinker-butt!
