

Maggie Mae Flower Strassel

August 10, 2005 - January 8, 2018

Maggie was a people person and was loved by everyone who met her. She loved us as much as we loved her! She traveled all over the country with us, was never put in a kennel. She loved meeting new friends at our camp resorts. We have a one story home with a door out to the patio and she learned how to open that door- everyone thought that was very funny. So smart she was. I think sometimes she was telling us what to do. Haha! So many wonderful memories of our Maggie. Maggie even had doggie friends from Canada!
