

## McKinley Stutz

July 5, 2004 - November 17, 2020

We called her "Kins". She was the sweetest, dearest, jack russell terrier ever. We were there when she was born and there when she died. She lost her brother and buddy when they were 6 and she mourned for him. When she was 2 she and he got out of the yard and she was gone for 3 days and no one could catch her. We took her brother and father to where she was last seen and their scent brought her home. We miss her everyday!
