

## Melitta Morris

June 1, 2006 - October 10, 2020

Melitta came to us as a special adoption from Columbus Humane, after having spent most of her first year in a shelter. She was transferred from Franklin County as a puppy to CH where she had too many behavior problems to be cleared for adoption. She had been abused and was terrified of men and children. After much training, she became our alpha dog, lover of all dogs, cats, children and keeper of all. As a doberman coonhound, she was always hunting and keeping tabs of all critters, human and non. She was the best foster mom of all our foster kittens. Our house is empty; we miss her!

-Lisa Morris
