

Milo Hoy

November 12, 2023 - August 21, 2024

Milo was my special boy. He was very loving and really like belly rubs. He would play outside with us and even catch bugs. His favorite places to nap outside were under our bush or in the flower garden. When he was inside he would cuddle up with us on the couch and watch tv. He was my husbands coffee buddy, my heart. He will be forever cherished and loved.
