

Mojo Summers/Castle

November 14, 2018

Our beloved Mojo JoJo came to us June of 2010. He was rescued by a disabled neighbor whom then gave to our Uncle Russ Gramh. He would then bring a severely dehydrated tiny puppy to me. It took 2 days of giving Mojo syringes of water until he began to lap and drink water on his own.

Mojo gave us so much love for 8 years of his life. He is a beautiful little restored pup. All 4.75 lbs of him. JoJo fought to live and overcame a torn ligament in his leg and 7 teeth removed and became a healthy little Mojo Jee Jo, we love and miss you. Our rescued tiny little strong man.

November 14, 2018 Mojo went to be with our Father in Heaven - Jesus has him now with our family in await of the rest of us. Frolicking in the grass with Layla Lee, our Angels in Heaven. Always in our hearts.
