

Molly Caserta

May 13, 2019

Molly had a wonderful life. Found her as a stray. Took her home, bathed her, been attached to each other ever since then. Since then Molly loved all, especially senior people and children. Over the last 4 years battled and fought cancer. May she rest in peace. Love and miss you ! You will remain in my heart forever. Thank you, Hamilton Road Animal Hospital for all her care and concerns.
