

Momma Bachus

September 1, 2009 - March 17, 2021

Momma, my precious girl, you were always so smart and stayed right beside me so many times when I needed you during these 12 years together. You stayed by my side when I changed jobs, moved, lost my dad and my grandma, so much heart ache. I found you outside when you were young and had kittens in the neighbors' yard. You were such a good momma. During all the years I have worked from home you cuddled with me at my desk. As time went on, you spent more and more time with grandpa, as he got older, sitting with him, napping with him, and walking with him to make sure he was okay. You brothers and sister cats miss you just like we do.

Everyone at Healthy Pets of Westgate loved you also like we did. During your 12 years of life, you brought such happiness and love to us. Momma go run and be free. Find your brothers and sisters, Ms. Kitty, Pepper, Gray, Blackie, and Lola. We will miss and love you forever.
