

Momma Wilmoth

February 16, 2017 - August 28, 2022

Momma was a sweet and loving goat that is either the mother or grandmother to every goat in our herd with the exception of just three. She made her mark with her quiet kindness and loving behavior. She gave everything to us and we love and miss her dearly. Our home, farm and barn is not the same without her beauty and grace. She will forever be missed
