

Nicky Rajah

May 27, 2008 - September 19, 2020

I received him from a friend when he was 5 months old. Through out his life journey me and my family sense and enjoy his unconditional love, sense of duty to protect us. He became ill for the past 1.5 years but no change in his character and the love towards his family. I miss him a lot and pray his soul rests in peace.
