

Pansy Nolan

July 31, 2000 - May 22, 2018

In 2000, I was on the board at Cat Welfare Association. A new, young receptionist said she was going to take the small black kitten to the Humane Society. I went and discussed the remark the new receptionist made and then I told the manager that I am taking this 8 week kitten. I gave a donation & was on my way home. I took her to a vet and home we were. We have been together for about a week from 18 years together. I really loved Pansy.
