

Perk Perkins

September 25, 2017

Everyone loved PERK--he loved them right back. The ultimate male who had a heart and soul as big as his 25 lb. body with huge amber eyes that spoke volumes of love everyday. A red & white British Shorthair that loved laying all over my paperwork because then he could "be with mommy." Claimed his share of the bed & all of my heart, no replacement for him--just wonderful memories. REP Perky--love you always.
