

Perry Dapice

August 15, 2012 - March 5, 2020

Our sweet Perry was found abandoned, so tiny and we were asked to care for him. Reluctantly we agreed, little did we know how much we needed him. He filled our hearts so much, he was always happy to see you when you got home. Loved being in charge, hugging and giving kisses. The love he gave us was beyond measure. we loved him more and are hearts will never be the same. His paw print is forever in our hearts. We love you Pear Bear.
