

Pickle Holt

November 27, 2023

We found our green eyed beauty 17.5 years ago left behind by folks who recently moved. We knew instantly that we were taking her home, especially when our daughter who was 12 at the time ran from our house and picked Pickles up to take her home. She was our family's cat. Friends, family and even our grandchildren knew our sweet Pickle. She is missed dearly but will be loved forever and in our hearts forever.
