

Piglet Pereyra-Lopez

April 20, 2006 - June 27, 2024

Piglet came into mine and Justin's life when she was only 6 weeks old and never left our lives and never will. She has passed on to heaven but she will never be lost or forgotten! Piglet leaves behind her heartbroken mom(Dee), Dad(Johnny), and her two brothers Justin and Dean. She brought so much joy and craziness into our lives. She had such a sweet and sour side to her and loved to pick on her brothers! Piglet was so full of happiness and life. She was a fighter and definitely had the will to live. We're so lucky and blessed that we got to enjoy and love our sweet little Piglet for so long(18 years!) She will always live on in our heart and we will never forget her. Our princess Piglet is now our sweet angel and she's waiting for us in heaven to join her. We love and miss you so very much sweet angel. We will see you again!
