

Porky

January 19, 2007 - March 8, 2018

Porky was our best friend, showed us the meaning of unconditional love, and was a constant source of happiness and bulldog slobber. He had the biggest smile, the softest spotted ears, gorgeous big paws 🐾 , and had the most kind and gentle soul. His favorite things were reading books and blanket snuggles with Rosie, giving kisses to his best buddy William, nighttime rough housing with his squeaky balls with mommy, laying by the fire with his daddy, and going to play in the crick with his Grandma Who. Porky is deeply missed by his family and friends. His paw prints will leave a lasting imprint on all of our hearts.

We would like to thank the amazing staff at Mineral Wells Veterinary Clinic for loving our baby throughout the years. We would also like to thank Ohio State Veterinary Hospital, and Deanna and Sarah at Schoedinger Pet Services for giving Pork the dignity and respect he deserved as he crossed the Rainbow Bridge.

We were so lucky that you chose us as your people, Porky. We love and miss you.
