

## Precious Tubman-Goodridge

October 21, 2007 - April 15, 2020

If love could have saved you then you would still be here with us today.

Precious was a beautiful 12year old Miniature American Eskimo who ended up being one of the sweetest unexpected blessings to come into our lives in July of 2011. She was adopted as a family pet from a previous employee of her Mom and we could not resist her being part of the family. We already had a Pekingese named Gitzmo, but Precious needed to be placed in a good home, with a caring family and it was nice for Gitzmo to have some company. "Pico Pee", "Girl", "Mommy Rotten Stinking Baby Girl" and "Prech Prech" as we affectionately called her, was extremely smart, very affectionate, happy and caring. She never wanted to be alone, always followed us throughout the house and was so excited when we got home. She loved being snuggled and petted by us which was her favorite thing even up to her last breath. Her brother Gitzmo (Gitzy) will miss her dearly as they were inseparable. We will miss her being at the door when we get home eagerly ready to greet us, her chinny chin ritual with her Mom at the door, jumping up for her treats, going each morning to her grandma door awaiting her wake up, alarming us of any unusual activity, being naughty of course and most of all, her loyal companionship as she brought us real happiness. Special Thanks to Dr. Pascal and the Banfield Pet Hospital Taylor Park Drive Reynoldsburg Medical Team and Staff, Dr. Martinez at MedVet Columbus (Worthington) and his Internal Medicine Team; and our Friends and Family that supported us through her recent illness.

We will cherish her memories.....

Lots of Luv,

Her Parents, Gitzmo, Grandma and the entire Tubman-Goodridge Family

“ Yvette and Spencer and Gizmo

*I can't think of Precious without laughing out loud. When I first met Yvette she told me about her child who was a diabetic and the issues she was having. I asked the child's name for prayers in my group.*

*For months we went back and forth about in my mind this dear young girl. I told so many people about this child and her strong parents. One day I asked for her to show me a picture*

*I bust into tears with laughter. It was their precious dog.*

*This dog was truly loved. She had more doctors appointments etc. Yvette Spencer. My heart smiles at that day when I discovered who Precious was. She was the world to you*

“ Precious,

*You were one of a kind. I was recently watching videos of Scarlet taking her first steps and there you were minding your business per usual, taking part in the excitement in your own little way. Always alert, aware and loved being around your people. I will miss seeing at the door when we visit. Rest well.*

“ I met Precious and Gitz during one of my visits to Columbus visiting Abdul and Marie Sherif. From one loving dog owner to another, I want to say sorry to Yvette and Cous. My heart aches for and with you. I know how much you loved and cared for baby. Precious brought so much joy in your lives. Always remember her with a smile and know that she is in Pet heaven watching over you. It hurts so so much my peepo.

“ I had the pleasure of dog sitting Precious and Gitzmo a couple times. Precious would never leave my side, she didn't like to sleep on the bed but I always made her a comfy bed on the floor and she would always greet me in the mornings. She was very nervous when we first became buddies but easily warmed up to me. She was the sweetest most gentle dog and will surely be missed. I'm sure she's in heaven running all around eating all the yummy snacks she could possibly dream of. My condolences for you all, I know how hard it is to lose a pet, they are a huge part of our family.

“ My dearest Precious,

You were and will always be such a sweet little baby. Thank you for bringing such joy to the life of my aunt and uncle and also being such a great companion to your dogbrother Gitzmo! I will miss giving you belly rubs, stopping, and you pushing my hand back. I will also miss you sassy attitude and love for cheese. You're out of pain and greatly missed.

Love,  
Simone

“ Precious, Grandma miss you going up the stairs and waiting for me to come down, hanging around whenever I am eating “hoping something will drop”, letting you go outside to potty and waiting for you to come back. Will miss you and thanks for the different things you did. Rest in Peace, Grandma Rachel.
