

Puttin' on the Ritz aka Bitsy Funk

December 14, 2002 - June 3, 2022

Born and bred a show cat, Ritz was retired to his cage at the age of four - too old to show & would not sire anymore. Rescued from the owner for the price of being neutered, he spent the rest of his life indoors and no cage! We taught him to play, and loved him to the end. He sat on my lap, slept beside me, and ate cat food as well as human meats and vegetables - never got fat!

An adorable Abyssinian, Bitsy.
