

Remi Schmelzer

January 31, 2018 - January 30, 2020

Remi and his brother Ponyo came to me when they were about 2 months old. Up until Remi's passing, they had been together every day of their lives. Remi passes on January 8, 2020 just shy of 2 years old after losing the battle with an upper respiratory infection. Remi is survived by his 2 year old half brother Ponyo, step siblings Sunny and Nutmeg.(cats) and step sister Elia (dog). He is missed dearly, but can now breath and play over the rainbow bridge.
