

## Riley Parker Summitt

January 14, 2008 - August 6, 2018

Riley was one-of-a-kind. The #1 Alpha Dog. Everything was on her terms. She could be really sweet, or a major pain, "always on her terms". She was named after my favorite basketball player, soccer player and favorite basketball coach. I am comforted by the fact that she was a canine blood donor, so I know, she will live on in other canines that she saved. For more info about canine blood donor, call OSU Veterinary Medical Center at 614-688-8460.
