

Roland Stephen

January 23, 2020

Roland said goodbye to his family on January 23rd to chase infinite squirrels with his big brother Max. With a passion for life that was larger than his adorable nose, Roland lived everyday like it was truly his last. There was never a treat left uneaten, trash left “unrummaged”, a mailman left un startled, and most importantly there was never a person left unloved.

Survived by his little brother Arthur, Roland will be deeply missed but always remembered, as his incredible passion for life will live forever.
