Our Rosie Girl, Our Puddy.... Rosie will forever be a special part of our family and hearts.

She came into our lives a little more than six years ago with a heart of gold. Her sweet nature and love for being a part of our home, makes this even more difficult.

Rosie's love for her boys, Nick and Joel, has always been deeply felt. She shared the same passion for music: from laying near the piano listening to every note that Nick would play to singing her very own tune while Joel played her the harmonica. She enjoyed what brought joy to them.

Rosie's joy was simply. She loved laying in the sunshine on the patio, going on walks looking for squirrels and chipmunks and smelling Mark's cigar in the evening. She loved!

Then there were her best friends - Rambo "Bo Bo" (who is missing her terribly), Sierra, Blake and anyone that would welcome her kisses. She loved showing them love.

Our final moments with Rosie were extremely bittersweet. She was fighting the hardest battle of cancer but wanted her family to know that it was for us

that she fought so hard. We know that Rosie is in heaven with Jasmine, grandpa John, great-grandpa Dennis, Simba, Olive and so many others - giving them all lots of kisses.

Rest peacefully our sweet girl. Our hearts will never be the same because of Rosie Girl

“*Rosie was such a sweet puppy and loyal dog. She was very tolerant of her obnoxious neighbor dogs, especially Fin ‘Cujo’ Jenny. We will miss seeing her sunning on her patio. Rest In Peace, sweet Rosie!*”
