January 27, 2015 - December 7, 2020

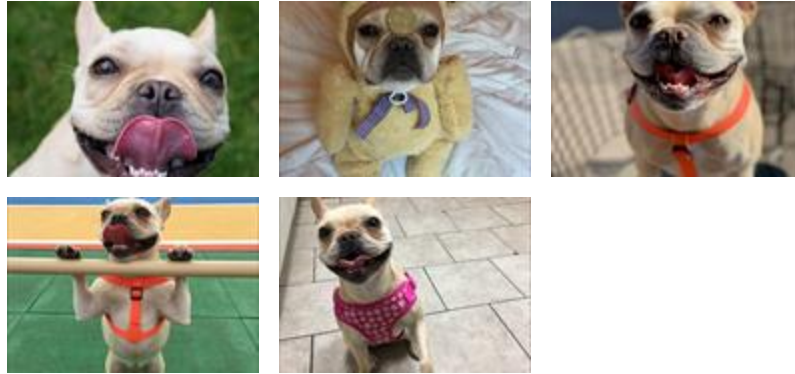

Hi luv bug. Mamma loves you more than life itself.

I miss you so much & think about you every single day. You'll ALWAYS be in my heart forever. When you left, a piece of me left with you that has forever changed me. I miss your big smile from ear to ear that lit up every where you went. You brought so much life, love, happiness, laughter, joy, goofiness, sweetness and "human" to everyone's life. There aren't enough word or phrases to describe how special you are to me. You were always there for me when I needed someone the most. You helped me grow to be the better person I am today. You've taught me how to love unconditionally & showed me how to live life to the fullest. I LOVE YOU SADIE 127
