

Sampson DeChiara

October 7, 2024

Sampson was a happy, loving and outgoing 3 year old pup. He loved his 4 siblings, his mom and dad so much. He was the best boy and had big brown eyes and the softest fur. Sampson enjoyed bike rides and walks with his dad, tug of war and playing ball with his siblings and cuddling with mom on the couch with lots of lovins. Can't forget, notorious for getting in the trash can! He loved to eat and get some treats. Laying in the bathtub and he loved following you around the most. Every turn you make, every time you sat down or stood up, he was right there by your side. Sampson was goofy and had a great personality, he was noisy, loves to bark and howl to get your attention, but also loved to take his naps and ball up with his siblings. He made a big difference in our home and You will have a special place in heaven, Sammy. He will be so missed and so loved til forever more.
