

## Sasha Brunner

May 3, 2005 - August 15, 2020

Our Sasha was a sweet, loyal and loving member of our family. In her younger years she loved chasing and catching frisbees. Being a border collie she was an extremely protective of her human family. Her favorite treat was ice cream and she never turned down a dog biscuit. Sasha was her human mommy's Shadow. She followed her wherever she went. Sasha was very loved and will never be forgotten. We miss you in the house Sasha, but we know we will be reunited with you one day at the rainbow bridge!
