

Scooby Thurman

November 10, 2005 - August 30, 2021

Scooby was one of a kind and my best friend. These last 15 years with him have taught me how truly special a bond with a pet can be. He was happiest just being by my side. I believe he waited to leave this earth until he knew I would be right by his side. We took a short trip out of state and it was the day I came home that I had to say goodbye. I still can't believe I had to say goodbye to you and Maggie only a short two weeks apart. I know you are both at peace now and pain free. I will miss you both so very much. Fly high with grandma!
