

## Scout Callahan

May 11, 2024

Scout was a Dilute Torti- Peach, Gray & White. She was a tiny girl. When we met she was feral. She left me kittens- I found them homes. I finally trapped her and had her spayed. Then she moved in. It was 3 years before she let me touch her. She lived in my den. We gradually built trust. Me not getting bit and clawed. She finally sleeping on my head above the pillow. She is dearly missed.
