

## Shadow Schlosser

February 27, 2019

Our family was lucky that Shadow found us in the fall of 2003. Our neighbors were running a "cat factory" at the time and Shadow had the good sense to show up at our front door one morning when I went out to put our American Flag out. I was surprised to see a cat at my front door but I closed the door because my husband didn't really want a cat because of his allergies. A little later that morning, I went out back and there he was again. I took that second appearance as a sign from God and brought him in the house and he was with us for nearly 16 years. Shadow was a wonderful friend to our family and he will be missed but will live in our memories forever.
