

## Simba Hufford

May 1, 2003 - January 3, 2019

Simba and his sister came to live with us when they were eight weeks old. They loved playing together and chasing each other all over the house. His sister, Tinkerbelle passed away in 2017 and he seemed a bit lost without her. He soon realized he had all of our attention and seem to adjust quite well. We are so thankful to have had him for 15 1/2 years, but will miss him dearly. We love you Simba!
