

Sophia Renee Varney

March 21, 2010 - May 15, 2021

Princess Sophia Renee crossed the rainbow bridge on May 15, 2021 at the age of 11. She is preceded in death by her brother Teddy. She is survived by her nephews, Loki and Blu Bear.

Her favorite activities were sunning by the back door, stroller rides, snuggling and guarding her family against threats big and small. Most threats were big in her eyes because she was a Teacup Yorkie, but that never deterred her. She was always happy to just be held and loved, and she was loved.

There is a small but substantial hole in all our hearts today. She left a large impression with her small stature. We will miss you but never forget you, Soph.

Tribute Wall
