

Sox Abernathy

January 31, 2006 - February 18, 2018

Sox was a rescue dog only she rescued me and my family. She loves horses and all animals. She helped me raise our cat Snickers, another rescue. She was often called by friends "the Black log" she never barked, she never was angry. She loved everybody and everything. She always knew when I needed her. When I was lucky enough to have my miracle daughter and only the surrogate and she was the mom. She is loved and missed by many friends and family. Thank you Soxy Marie Boo for filling my life with your brightness!!
