

## Sunny D Dreese

February 2, 2007 - December 23, 2018

Sunny was the best part of our family. He was the easiest puppy to house train and teach commands. He was always looking to please everyone and loved treats. Old age caught up to him too quickly, and the energetic lab pup turned into the older loyal companion labs are praised for. We deeply, and dearly miss our "Big Guy". There isn't a day goes by his life is not celebrated. Lovingly known as the President of the "Good Boy" Club, preceded by Lady and survived by Molly and Rosie.
