

Sweeney Fergus

November 7, 2007 - March 11, 2020

I rescued Sweeney from a Grey hound adoption in Cleveland. She was a great partner for our other dog. They were best friends. Sweeney was always glad to see all of our fosters from OSU, to live with us while they were healing. She was always happy to see new friends and old friends to. She was always very loving, funny, crazy. We miss our girl, but know she will be waiting for us with the rest that ahead of her and they will be meeting us when we pass as well.
