

Ted E. Bear Riley

September 29, 2007 - August 12, 2019

He was a very loving pup. If another animal would growl at him, he would not get aggressive back. He would just turn his back and walk off. And when my wife left me in Oct. 2015, we were watching TV and I was feeling sorry for myself and thinking stupid thoughts, next thing I know, his front paws were on my chest and he was kissing me all over my face. He snapped me out of it. He is my life saver!! And he was my world for the last 4 years! Now I am alone. But I am happy that I know We'll be together again one day. I will always love and miss my Little Bear!!
