

Tiny Epling

March 7, 2012 - November 6, 2021

In loving memory of our loyal, sweet, loving, caring, playful, Tiny. Tiny has been a part of our lives for 9 years. Our hearts will forever be broken from the loss of her. Tiny brought so much joy into our lives along with so much unconditional love and was loved unconditionally. We shared a life, like no other. You stole our hearts from us since day one, you were our spoiled little girl. Everyone who came in contact with you, you left a mark on them. Everyone loved our sweet Tiny. You were not just a pet; you were one of us. You were our family. You were supposed to grow old with us, baby girl.

Tiny was more than a companion. When daddy had panic attacks she was there. She ran to him and snuggled next to him as if he were sick she put her head on his shoulder and gave his ears a cleaning. If daddy was upset she placed her paw on his chest. All she wanted to do is bring kindness and love to others. It was so sudden. We were inseparable and it's going to be a hard adjustment to not have her. We love her so much her charisma lighted up the room. You could always hear her long toenails as she ran around the house. She loved the outdoors and loved going bye bye with daddy and mommy. She was everyone's best friend. With her we all felt invincible and together we could conquer everything! Her legacy will continue. Love Daddy, Mommy, Big sis, little sis, Bubby, kids, best pal Bella and of course Aunt Becky.
