

Tosh

August 18, 2002 - December 1, 2017

At dusk, beneath the full moon, our dear wonderful Tosh departed this world after a long full life. He was a stalwart friend and protector, beloved by many for his playful mischief and gentle, easygoing nature. His gregarious spirit brightened the room with his presence.

Tosh had an enormous appetite and was always sure to "help out" in the kitchen. He especially loved potatoes, broccoli, tomatoes, and peanut butter. He loved swimming, camping and lounging in our garden, regardless of the weather. He especially loved the snow. He was a champion of tug of war. He played fetch by his own rules.

Tosh was irreplaceable and is sorely missed. He was an amaranthine of joy. We are lucky to have known him.
