

Trixie Steigerwald

March 13, 2013 - February 9, 2021

Her AKC birth name was Top Hat's Magic Trick and she was born March 13th, 2013 to the Werner family. Trixie was rehomed in June of 2019 to the Steigerwald Family. Trixie was participant 2000, out of 3000, in a global health study for golden retrievers. Trixie was truly magical in the love that she provided for both families. Trixie had multiple struggles with cancer, however, fought the good fight up until the day she passed, February 9th, 2021. Her strength, playfulness and affection will be very much missed, however, we know she is pain free now. We are blessed to have had Trixie as part of our life.

If you would like to learn more about the study that Trixie was in and how it is helping to change pet health or would like to donate in her honor, you can do so here - <https://www.morrisanimalfoundation.org/golden-retriever-lifetime-study>
