

Tweety Sheline

August 1, 2015 - January 2, 2022

Tweety was always a special boy. He stole Amanda's heart from the moment they met. Rescued with his littler from a box on the side of the road, Tweety's life was then full of love. He was a cat who knew what he wanted and would get what he wanted. He determined when it was time to snuggle, or play, or eat. He would remind his family of dinner time every night with his loud meow. He would ensure people were around by a curious "hello" from the top of the stairs. Tweety loved to lounge in a sunbeam and curl up to look out the back window and the world outside (though he was very much not interested in ever going out there). He loved laying under the Christmas tree every year and playing with Wick all around the house. He had so much personality and was always good for a laugh. He was loved by all who knew him and there would never have been enough time with such a beloved cat. Devin, Amanda, and Wick will never forget Tweety, and he will forever hold a spot in their hearts, as their special boy.
