

Ulla Burry

February 22, 2020

Rescued 7/22/14 at BeaglesRUS, Ulla needed a lot of love and attention to get over her earlier life that included abuse and neglect. She was a gentle dog, always near, and always happy to eat almost anything. Ulla was a great doggie sister to Kiva, who we rescued at the same time. Those two were inseparable. So, of course, we all miss Ulla's presence, her love coo-ing when her ears were rubbed and her vocalizations if you got in her way. Ulla, you made us smile. We were honored to give you some good years of comfort and love. You showed us how to be a strong dog, even when your body was failing.
