

Vincent Palmer

March 12, 2008 - July 25, 2018

Vincent came into our lives as a dopey 22lb puppy. His paws & head were extremely over-sized, making him clumsy and adorable. As he grew into an adolescent, 185lb adult and an old man, he never failed to amaze us with his kind heart and endless love. He had a wonderful sense of humor and rarely missed an opportunity to be a huge stinker - only in the best ways imaginable. He stole our hearts from the moment we saw him and shared with us all of the joys of being a dog. There is no adequate way to sum up everything that he gave to us and we are far better people for having had him in our lives. For our Vincent, our Bubby, our Mister Man, we always have and always will love you. Our gratitude is beyond measure.

Until we meet again-

Love,

Mom and Dad
