

Wellington Howard

August 6, 2008 - February 17, 2021

Wellington was a prime example of overcoming adversity and doing your best everyday. As he aged he became blind and had dementia. Although he had these ailments, he woke up each day with a smile. He taught us how to be calm and have a positive attitude on life! His favorite snack was Chick-fil-A nuggets and don't let him catch you ordering them and not getting him some. He will be missed, but everyday I will tackle it, just like Wellington!

-Rob & Melissa Howard

“ *Wellington, we'll never forget you and your construction outfit when you were a puppy at the condo Halloween party. I didn't know your parents well then but remember falling in love with your cute face. You always greeted me so happily and made me laugh. Such a sweet boy and you'll be forever missed!* ”

“ I didn't know Wellington personally, just through social media, like his parents. I was a friend of his late Grandpa, so for me, that was good enough to be his friend. I lit a scarlet candle, because I know he was a Buckeye fan (it's in his genes)!

I would like to share a quote from a lady in rescue, that I feel sums up the departure of Wellington. I hope his memories sustain his parents during their mourning and beyond.

Or perhaps, just perhaps they stay long enough before the heavens realize they are missing another angel. - Toby Wisenski
