

Wild Thing Engle

February 20, 2025

Wild Thing was once an energetic and playful little dude. He was shy as he grew but a cuddler always. He used to sleep behind my legs stay close to me. He hated being outside, if you tried, he would claw at you like no tomorrow. He loved his brother, Magellan, but had a love hate relationship with his last remaining sister Sweetheart. He was the greatest boy and hopefully he is reunited with his sister Selene and their parents. "Wild Thing, you make my heart sing."
