

## Willow Jean Ervin

May 31, 2022 - May 21, 2023

Willow Jean. She was a beautiful soul and had the best personality. My baby was taken way to soon due to some unexpected health issues that recently started just the day we had to make the decision to put our baby to rest. She didn't deserve any of it. I miss her so so much. She was just about to turn a year old at the end of this month. Me (her momma) and her nanny are so lost without her. I couldn't allow my baby to hurt. I'm going to miss the little things about her, like her little loving grunts, the sound of her paws on the hardwood floor, her little "piggy kisses" and the sound of her chewing her ice. She loved ice so much. Her sister (Roxy, she's a doggo) is already missing her so much as well. Their relationship was a bestfriend bond. This has been by far one of the worst loses we've been through. But "I love you forever my baby. She was the absolute best pig anyone could ask for! My absolute best friend! I will never have the love I had for her for any other animal!
