

## Willy Smith

September 2, 2005 - October 21, 2022

Willy, our Dachshund, saved my wife in 2009 after the passing of our daughter. Willy could sense my wife's sorrow and he would lay at her feet to comfort her. My wife's health got worse in 2022 and again Willy would comfort her up to her passing last month. Willy then comforted me in my time of sorrow until his passing. He was a good and faithful member for over 17 years.
