

## Yumi Moehlman

February 12, 2011 - March 5, 2019

My 8 year old sweet companion, loved and cherished. You were mine, promised at conception. Given to me to care, love, and teach at 6 weeks. We lived, loved and played for these 8 years. I thought we had many more years after the tumor was removed. I'm heartbroken and lost without you next to me at night. You following me at every turn and waiting at doors.

You will always be in my thoughts, prayers, memories and heart.

Love,

Mom
